

PATENT  
Appl. No. 09/601,161  
Attorney Docket No. 450101-02195

**REMARKS**

Favorable reconsideration of the application is respectfully requested in light of the amendments and remarks herein.

Upon entry of this amendment, claims 1, 3, 4, 6, 8, and 9 will be pending. By this amendment, claims 5 and 10 have been canceled; and claims 1 and 6 have been amended. No new matter has been added.

**Allowable Subject Matter**

It is appreciatively noted that claims 3, 5, 8, and 10 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

**§102 Rejection of Claims 1 and 6**

In Section 2 of the Office Action, claims 1 and 6 stand rejected under 35 U.S.C. §102(b) as being anticipated by Beery (U.S. Patent No. 5,068,734). Claims 1 and 6 have been amended to include allowable subject matter of claims 5 and 10, respectively.

Accordingly, it is submitted that the rejection of claims 1 and 6 based upon 35 U.S.C. §102(b) has been overcome by the present remarks and withdrawal thereof is respectfully requested.

**§ 103 Rejection of Claims 4 and 9**

In Section 3 of the Office Action, claims 4 and 9 stand rejected under 35 U.S.C. §103(a) as being unpatentable over Beery in view of Autry *et al.* (U.S. Patent No. 5,724,106; hereinafter referred to as "Autry").

PATENT  
Appl. No. 09/601,161  
Attorney Docket No. 450101-02195

Based on the foregoing discussion regarding claims 1 and 6, and since claims 4 and 9 depend from claims 1 and 6, respectively, claims 4 and 9 should be also be allowable.

Accordingly, it is submitted that the rejection of claims 4 and 9 based upon 35 U.S.C. §103(a) has been overcome by the present remarks and withdrawal thereof is respectfully requested.

Conclusion

In view of the foregoing, entry of this amendment, and the allowance of this application with claims 1, 3, 4, 6, 8, and 9 are respectfully solicited.

In regard to the claims amended herein and throughout the prosecution of this application, it is submitted that these claims, as originally presented, are patentably distinct over the prior art of record, and that these claims were in full compliance with the requirements of 35 U.S.C. §112. Changes that have been made to these claims were not made for the purpose of patentability within the meaning of 35 U.S.C. §§101, 102, 103 or 112. Rather, these changes were made simply for clarification and to round out the scope of protection to which Applicant is entitled.

In the event that additional cooperation in this case may be helpful to complete its prosecution, the Examiner is cordially invited to contact Applicant's representative at the telephone number written below.
